*"Where Science
and Technique meet"*

October 11 – 13, 2018 | Budapest – Hungary

1ST INTERNATIONAL SPINE EXPERT SYMPOSIUM PROGRAM

FRIDAY OCT. 12TH 2018

Chairman: Prof. Jens Lehmborg

8.45 > 9.00

OPENING - INTRODUCTION

- > What is SENSE?
- > Welcome Address

9.00

EARLY MORNING SESSION

- > **State-of-the-art in degenerative spine surgery**
Prof. David Noriega
- > **How surgical strategy may impact ASD**
Prof. Jérôme Allain
- > **The Non-constraint technique for enhanced fusion and outcomes**
Prof. Jens Lehmborg

DEBATE

- > **3D approach to spinal alignment: Is there something beyond the sagittal plane?**
Introduction & Leader
Dr. Farzam Vazifehdan

10.30 > 11.00

COFFEE - BREAK

11.00

LATE MORNING SESSION

- > **Non-constraint biomechanics for construct integrity**
Prof. Hugues Pascal-Moussellard
- > **A Clinical perspective on the Non-constraint technique**
Dr. Yasser Abdalla
- > **Surgical site infection – impact & prevention**
Dr. Steffen Queinnec
- > **The Ecological footprint in surgical instrumentation**
Dr. Rainer Kirchner

KEYNOTE LECTURES

- > **SpinePlus – A multidisciplinary specialist spine clinic**
Dr. Paul Licina
- > **The ambulatory surgical center (ASC) model in spinal fusion – Trends in the USA and potential global opportunities for value based care**
Dr. Adam Lewis

CLOSING OF MORNING SESSIONS

13.00 > 14.30

LUNCH

14.30

AFTERNOON SESSION

- > **Interactive Round Table Discussions**

A unique opportunity to review the latest trends in degenerative spine surgery. Multiple small group sessions, facilitated by a team of highly experienced Faculty. Interactive round table discussions on select hot topics ranging from surgical spine management to the power of leveraging interoperatively the Non-constraint technique and philosophy.

Share knowledge and gain valuable insight on various relevant topics.

16.30 > 17.00

WRAP-UP

CLOSING OF AFTERNOON SESSION

20.30

DINNER

SATURDAY OCT. 13TH, 2018

9.30

CLINICAL CASES SESSION

- > A selection of clinical cases will be presented by a group of experienced spine surgeons.

Learn from their extensive knowledge in leveraging the Non-constraint technique in their practice. Challenging to complex to unique cases will be shared. You are invited to take part in this lively and informative discussion.

12.00

CLOSING OF THE 1ST SYMPOSIUM

- > **Light Lunch & Departures**

SPEAKERS & FACULTIES

Prof. Jérôme Allain, MD, PhD
Dept. Orthopaedic and Spine Surgery

*Clinique Geoffroy Saint-Hilaire
Paris, France*

Dr. Yasser Abdalla, MD
Head of the Neurosurgical Clinic
Head of the Spine Center

*NWK Sanderbusch
Sande, Germany*

Dr. Michael Breitenfelder, MD
Head of Spine Department

*Orthopaedic and Trauma Department
St. Marien- and St. Annastiftkrankenhaus
Ludwigshafen am Rhein, Germany*

Dr. Francis Kilian, MD
Head of Department

*Dept. of Spine Surgery
Katholisches Klinikum Koblenz
Koblenz, Germany*

Dr. Rainer Kirchner, MD
Head of Department

*Dept. of Orthopaedic surgery and Trauma
Surgery
Center of Spine surgery
Clinics Husum and Niebüll
Husum, Germany*

Prof. Dr. Jens Lehmborg, MHBA
Head of Department

*Dept. Neurosurgery
Klinikum Bogenhausen
Munich, Germany*

Dr. Adam Lewis, MD
Neurosurgeon

*Jackson Neurosurgery Clinic
Jackson, USA*

Dr. Paul Licina, MBBS FRACS
Owner / Director

*Spine Plus Spine Centre
Brisbane, Australia*

PD Dr. Gianluca Maestretti, MD, PD
Co-Chief Dept. of Orthopaedic Surgery
Head of Spine-Unit

*Hôpital Cantonal Fribourg
Fribourg, Switzerland*

Prof. Hugues Pascal-Moussellard, MD, PhD
Head of Department

*Dept. of Orthopaedic Surgery
ICM - Hôpital Pitié Salpêtrière
Paris, France*

Prof. David Noriega, MD, PhD
Head of Spine Unit

*Spine-Unit University Hospital
Valladolid, Spain*

Dr. Steffen Queinnec, MD
Dept. Orthopaedic and Spine Surgery

*Clinique Geoffroy Saint-Hilaire
Paris, France*

Dr. Farzam Vazifehdan, MD
Head of Department

*Diakonie-Klinikum Orthopädische Klinik
Paulinenhilfe
Stuttgart, Germany*

Dr. Patrick Weidle, MD
Head of Department

*Musculoskeletal Centre
Hospital Neuwerk,
Mönchengladbach, Germany*
